### **NOTICE**

The following notice of intent submitted in accordance with R307-401-1, UAC, has been received for consideration by the Executive Secretary, Utah Air Quality Board:

#### **Lifetime Products**

**Location:** Lifetime Products, located in Buildings B-11, D-10, D-11, E-11 C-11, H-3 and H-4 Freeport Center, Clearfield, Utah. which is a maintenance area for ozone.

**Project Description:** Lifetime Products (Lifetime) is requesting to modify Approval Order DAQE-AN1229015, dated June 25, 2004. Lifetime is located in Davis County, which is a maintenance area for ozone. Lifetime is requesting to increase the number of plastic manufacturing units with cyclones from 23 to 30, and that they be vented outside rather than inside. Federal New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants regulations do not apply to this source. Title V does not apply to this source. No additional controls are required due to economic considerations for the application of the best available control technology. There will be a 30-day public comment period required because there is an increase in PM<sub>10</sub> of 1.89 tons/yr (tpy) and HAPS of 0.1 tpy. No modeling was required because the emission increases were below the modeling guidelines.

The total emissions are as follows; PM<sub>10</sub> 5.95 tpy, SO<sub>2</sub> 0.09 tpy, NO<sub>x</sub> 10.97 tpy, CO 2.32 tpy, VOC 35.00 tpy, HAPS 7.7 tpy.

The completed engineering evaluation and air quality impact analysis showed that the proposed project meets the requirements of federal air quality regulations and the State air quality rules. The Executive Secretary intends to issue an Approval Order pending a 30-day public comment period. The project proposal, estimate of the effect on local air quality and draft Approval Order are available for public inspection and comment at the Utah Division of Air Quality, 150 North 1950 West, Salt Lake City, UT 84114-4820. Written Comments received by the Division at this same address on or before January 7, 2005, will be considered in making the final decision on the approval/disapproval of the proposed approval order. Email comments will also be accepted at [tblanchard@utah.gov](mailto:tblanchard@utah.gov). If anyone so requests to the Executive Secretary at the Division in writing within 15 days of publication of this notice, a hearing will be held in accordance with R307-401-4, UAC.

**Date of Notice: December 8, 2004**
